

# Policy

The primary purpose of assessment (formative and summative) is to support and enhance student learning. Assessment supports student learning by providing feedback that informs teachers and students about what has been learned and what is not yet understood.

Assessment practices are integral to the planning and delivery of curriculum and to implementing instructional approaches to best meet student needs and ways of learning, thereby supporting and enhancing student growth and achievement.

Assessment supports what and how we communicate and report student learning. Student learning communicated in a timely and flexible manner is a shared responsibility between
