

Elementary School Enrolment and Reg

## How did the school end up in this enrolment situation?

Category A Schools	Category B Schools	Category C Schools
There has been rapid growth in school-aged population in these school catchments in recent years.  The school no longer has the physical capacity to accommodate as many incatchment students as likely want to attend there.	There has been rapid growth in school-aged population in these school catchments in recent years.  The school is at or approaching its physical capacity. It may not be able to accommodate a small number of the students who want to attend there.	The school continues to have the physical capacity to accommodate all in-catchment students who would like to attend.
